Sunnyside Gold's Work Plans and "scoping" of RI-rype work for Mayflower Tailing Area

Attached are several items related to the Data Management work assignment with USACE and their contractor CB&I that may be useful in our discussion tomorrow afternoon.

OK – I hadn't finished this evite but with all the irons in the fire today, I pushed the send button. I would like to include in this meeting some discussion on the data organization task that I have with USACE and their contractor. I'll be sending out a copy of the task order and QAPP tomorrow or Monday.

I am suggesting that we get together and discuss (scope??) what RI-type activities we should require of SGC for the Mayflower Tailings in the order – whether or not their recent submittals would be considered adequate. Since the goal is to refine the
